

GABBY'S GRIEF CENTER

OUR HISTORY

In 2001, Gabby's Grief Center opened its doors with the belief that grief support should be available to all people without charge and we continue to serve our community at NO COST.

OUR VISION

As the hub for all things grief, so no one journeys grief alone, Gabby's Grief Center will continue working together to create a grief sensitive society that compassionately meets the needs of the bereaved regardless of their resources.

PASSION STATEMENT

Gabby's Grief Center is a community-driven organization extending graceful service to those in grief as they discover hope and gather strength to heal in a supportive, judgement-free space.

Gabby's Grief Center ~ Where we journey grief together.

"Today's challenges necessitate employers to implement effective guidelines that integrate into the employee's daily activities. Unfortunately, there is no one-way of handling grief in the workplace, as most accommodations are often subjective in nature. Therefore, the use of guidelines rather than policy can foster flexible and compassionate support from management, co-workers and Human Resources."

- Grief In the Workplace, Rachel Blythe Kodanaz

WHY CHOOSE US?

Our Hub-approach streamlines the process for your entire company to collectively navigate through grief following a loss. This encompasses everything from funeral support, offering guidelines for returning to work, setting appropriate performance expectations, to offering comprehensive support for employees, employers, and the broader corporate and organizational framework. This integrated approach ensures that everyone involved receives the necessary resources and assistance.

"Grief is not a disorder, a disease, or a sign of weakness. It is an emotional, physical, and spiritual necessity, the price you pay for love. The only cure for grief is to grieve." - Earl Grollman
